Are you interested in the operational side of insurance? This year we have internships available for students who have a passion for information technology and wellness. Summer interns in these areas have an opportunity to be involved in day-to-day operations of the firm, helping to create programs, collaterals and solutions that can benefit the firm as a whole. Past operations Interns have worked on projects such as:

- Developing firm efficiencies, paperwork and processes

what it's like to start a career at BKS...

MONICA STORTS, FLORIDA STATE UNIVERSITY

"Taking the theoretical knowledge that we learned in school and transitioning that into practical work knowledge [has been a challenge], a lot of colleagues have been great in that adjustment, and taking something that we learn and tested on in school, and showing us how that would apply in your everyday job here."

RYAN SHEEKLEY, FLORIDA STATE UNIVERSITY

"I think the real world knowledge that you get from an internship at BKS is invaluable going forward in your career."

CAROLYN WILLIAMS, FLORIDA SOUTHERN COLLEGE

"You have the opportunity to sit down with people, build relationships and get to know all of the different departments. When you are further down the road, looking for a job, those relationships will make it easier."

ANDREA NALL, UNIVERSITY OF CENTRAL FLORIDA

"I think the best outcome of this internship was the experience and having the background of getting to work for a company that is respected in the area as well as recognized."
